Letter of Understanding Unofficial Local Detour SR 32 Contract 31060 Des 0810386 0901196 9303100 9303110

Dear Officials,

It will be necessary to close <u>SR 32</u> for the <u>Bridge Replacement over Artman Ditch</u>, <u>Hogshire Ditch</u>, <u>Neese Ditch and Prairie Creeks</u> as part of the above referenced Contract. As currently planned, the official detour will follow US 421, SR 47 and SR 39 as shown on the attached map. INDOT and /or one of its agents will be responsible for setting and maintaining the official detour. <u>SR 32</u> is expected to begin construction possibly <u>July 1, 2013</u>.

The mutually acceptable unofficial local detour is on <u>CR 100 North to 300 East to Ratsburg Ave. to Washington Street</u> as shown on the attached map. The Unofficial Local Detour will be in effect during the same period as the Official Detour. The Unofficial Local Detour will not be signed as a detour. The local agency will be responsible for any additionally desired signing (i.e. weight restrictions, trail blazing, & etc.)

INDOT will set up and maintain the necessary traffic control for the official detour route or arrange with others to furnish the necessary items. **Boone County** will be responsible for signing any weight restrictions on the Unofficial Detour.

Pursuant to IC 8-23-21, INDOT agrees to reimburse **Boone County** for the cost related to damage repair on **CR 100 North to 300 East to Ratsburg Ave. to Washington Street** while it is being used as the unofficial local detour. All reimbursable work must be approved by INDOT before the initiation of any repair work. Once the District has agreed to the documented expenses for the repairs and the detour has been eliminated, INDOT and **Boone County** must execute an agreement that indicates the documented expenses.
